

Mt Damper Station

2582 Okau Road, Rd27, Stratford, Stratford District

Price: By Negotiation

Located at 2582 Okau Road is this very well contoured Dry Stock farm. 922 ha in three titles spanning two regional councils this farm is literally the centre of the farming world. Only 80km approximately from New Plymouth via SH3.

Three houses comprising of a five-bedroom main home, four-bedroom second dwelling and a three-bedroom third dwelling all located handily to the farm infrastructure. The farm also has three woolsheds and yards with an airstrip to service the fertiliser spreading needs of the farm. Easy contour allows for finishing of all stock types with plenty of good contour for supplement production.

The farm has been faithfully fertilised over the 25 years of the present ownership which lays a great base for grass growth and finishing weights.

There is a road running through the middle of the property which is very good for moving stock. Properties with this fantastic contour and high level of infrastructure are very hard to find but this farm has it all.

Viewing by appointment.
