

Manuka - Pines - Your Choice

Piko Road, Okoki, New Plymouth District

Price: SOLD

Located twenty-five minutes approximately off the main road is the large 669-hectare bush and scrub property. Having been used over recent years to produce honey this property does enable some planting of species to enter the Emission Trading Scheme.

There is a converted cowshed, portacom and good implement shed that allow for anyone wanting to camp out. A reasonably conditioned track leads to the back of the farm up to the plateau country.

There is an option to purchase this block and lease back to the current owners for an extended period or simply purchase and do your own thing.

This property should be inspected to be appreciated. For more information or to view please contact Gavin Muir.
