

Flooring Design New Plymouth.

218 St Aubyn Street, New Plymouth Central, New Plymouth

Price: By Negotiation

Here's a fantastic opportunity to own your own business with one of New Zealand's fastest-growing franchises.

Flooring Design has been part of the New Zealand flooring landscape for 25 years with 22 stores across the North Island with further expansion on the horizon. Purchased by the current owners; Ray and Erinna in 2007, they have built an established business by focussing their attention on offering quality products from their high-end showroom located on St Aubyn Street with a team that prides itself on friendly, helpful service that delivers a high level of repeat

business from its many loyal customers. Supported by this knowledgeable and customer-focused local team, the store consistently performs, ensuring a secure and profitable business model for a new owner to step into.

Operated under a franchise agreement, the Flooring Design business model offers fantastic support giving franchisees the opportunity to focus on growing their business. With administration and marketing functions provided by Head Office, all the training you could need and with world-leading flooring brands in stock, the business operates with a level of intricacy that would ideally suit an owner-operator with a focus on driving business growth and leading their sales team.

This business would be a great fit for either an individual or a couple who have a desire to deliver high-quality products, understand great customer service, and are wanting to build on an already outstanding reputation, with the structure and operational support of a successful franchise.
