

Large Drystock/forestry

347 Ngatoto Road North, Uruti, New Plymouth District

Price: By Negotiation

1353ha located at the end of Ngatoto road in the Uruti district. This block has approx 750ha grazable land with the balance in native bush with Ngatoto Road providing access to most parts of the farm.

The property has two houses with the main house being built in 2004 and has an elevated outlook with a sleep out for added space, the second house is three bedroom and is located below the main house on the roadside.

Two woolsheds one with large covered yards located at each end of the property means stock movement to handling yards is kept to a minimum. The farm has had a lot of recontouring and regrassing done and has meant approx 150 ha of easier country for finishing stock.

Looking for scope to increase your farming enterprise? Look no further.
